High-impact business writing (open course)

Our courses

People today are busier than ever, and getting their attention is almost as difficult as persuading them to part with their money. Finely tuned business writing skills give you a real advantage when you need to get people to sit up and take notice.

Make everything you write count

In this intensive, practical session, we'll show you how to produce effective business writing quickly, and get your documents to the top of the pile. You can apply the methods we teach to all areas of your business: proposal writing, reports, procedures, letters and emails.

Work on your own writing

Everyone has their own writing style, so we'll first ask you to send in a document for one of our business writing experts to analyse. Then we'll produce a graph to show you which skills you need to concentrate on to make the biggest impact with your writing.
