

Advanced business writing course

Good writing helps communicate change, clarify complex matters and inform stakeholders throughout an organisation. And with so much business communication happening through writing – from emails to reports to instant messaging – good business writing has become a core skill for senior professionals.

That's why we created this course. It will equip your leaders and managers with the writing skills they need to drive your business forward. What's more, we'll show you how they can lead your organisation's tone of voice and brand in everything they write.

Tailored to your needs

We'll consult with you extensively leading up to the training, ensuring everything is precisely tailored to your sector, organisation and team.

And we'll analyse the writing skills of your senior managers before the course, so we can focus on improving those skills which will have the biggest business impact.

Who is it for?

This programme is designed for senior executives, directors and aspiring managers. We'll tailor the content to match their needs, challenges and experience.

What does the programme include?

A face-to-face one-day training course is standard. However, we can adapt the course for shorter or longer sessions as required.

We'll also analyse a sample of each delegate's writing before the course and produce a graph of the results, showing both strengths and areas that need work. The trainer will talk through the results with delegates individually during the course, giving them targeted feedback that means they can focus on their problem areas and make rapid improvements.

Numbers, pricing and venue

We can train any number, including an entire organisation. (Please ask about our open courses if you only need to train one or two people.)

We train in small groups of no more than ten, to make sure everyone gets the individual attention they need.

Our trainers are based in the UK, but we train globally. Wherever you are in the world, we can run the course on your premises. (We can also train remotely.)

The cost of the course varies depending on how many people you're looking to train.

If you'd like to find out prices for your group size, call us on +44 (0)1273 732 888 or email info@writing-skills.com.

All our courses come with a 30-day money-back guarantee. If you're not completely satisfied, let us know within 30 days of your first face-to-face course and we'll give you a full refund.

Learning objectives

By the end of the training, your senior executives will be able to:

- set clear objectives for their writing
- influence key stakeholders
- tailor their documents and emails to their audiences for maximum impact
- communicate their messages concisely and effectively – first time
- help their teams improve by giving effective feedback on documents submitted to them
- lead their organisation's tone of voice.

Reinforce the learning

Your team will learn a lot on this intensive course. But changing writing habits takes time and continued practice. So you have the option to enrol your team in our online programme, **Emphasis 360**. Through short weekly lessons, your team will be able to reinforce and build on everything they learned on the course.

You could also choose to run a coaching clinic: a follow-up day of individual coaching sessions based on a second writing analysis from each delegate. These one-to-ones give the trainer and delegates a chance to identify and target any ongoing problem areas.
